

2022-2023 TWINKLES NOVICE

WHAT IS HYPE

Twinkles are back and ready for the second half season. If you are a current Twinkle and want to extend your season we welcome you. If you are new and looking to start all star cheerleading we are ready for you. The half year team is perfect for all athletes ages 3-6 that are ready to start learning the performance style of cheerleading and take the main floor.

TIME COMMITMENT

All athletes are expected to attend every practice each week. Failure to attend practice on a regular basis impacts the team in a negative way, and makes it hard to set the team up for a successful season.
